3rd ANNUAL DOCUMENT SHRED EVENT!

Save Space

Businesses and Individuals are invited to safely dispose of documents that are too sensitive to throw in trash or recycle bins through Shred-It's on site mobile shredding unit.

Protect Your Identity

Shred days are an important step to preventing identity theft. Receive information on important steps to take in the paper-less environment as well.

Help the Community

While this event is free, please consider bringing a voluntary contribution to help feed the hungry in our community. Non-perishable food items will be donated to local food pantries.
